

*Paul V. Dougherty*

Dear Terry:

We wish to thank you and your very competent employees in the manner in which you completed the waterproofing of our basement.

In spite of the extreme heat you had to endure during the time you were working on the job, everyone was in a good mood and really seemed to enjoy their work.

Thanks again and we wish you a bonanza of "soft" jobs in the future.

Very truly yours,

*Paul & Mary Dougherty*
